

Environmental Sustainability Policy

The Fracht Australia Group of Companies (which include Consolidated Freight Australia and Bowen's) is committed to take all reasonable steps to protect the environment and to minimise the impact its activities will have on the environment and climate.

We will set measurable Environmental Sustainability objectives and targets, and we will continue to improve our Environmental Sustainability system with a view to reducing and preventing pollution and continually improving our system.

We operate an Environmental Management System that is fully compliant with the requirements of ISO 14001 standard.

The Fracht Australia Group of Companies is aware of all relevant Environmental legislations and regulations in all States it operates. We are committed to providing adequate resources to ensure these legislations, regulations and other relevant requirements are met. Environmental impacts such as law breaches, waste, recycling, changes to the climate, and possible inclement weather events to the Fracht Australia Group of Companies and its interested parties has been assessed as a low foreseeable risk.

Our Environmental system is documented, relevant procedures and instructions are implemented, adequate resources are provided to maintain the system, and all employees are informed and made aware of duties and responsibilities in relation to keeping a pollution-free work environment.

All the elements of our Integrated Management System comprising of Quality, Environmental Sustainability and Health and Safety, are periodically reviewed to ensure they remain current, effective, efficient and suitable to changing needs.

The Environmental Management System covers all the activities, products and services of our organization as an International Freight Forwarder, including Import / Export Air and Sea, Customs, Warehousing, Distribution, Logistics (3PL & 4PL), Trade Fairs, Exhibitions and Large Turnkey Projects.

This policy is communicated to all staff, contractors, and suppliers and is made publicly available to ensure transparency in our operations.
